Re: Wired or Wireless, Inc, Connect America Fund Phase II Challenge Process, WC Docket No. 14-93

Dear Ms. Dortch,

Wired or Wireless was notified by Century Link of their intent to file in a letter dated August 13, 2014. Their filing, heavily involving Wired or Wireless, Inc was posted August 29, 2014. This letter and the included exhibits serve as a rebuttal submission along with FCC Form 505 Response to Challenge.

Century Link named Wired or Wireless numerous times in which they stated in Washington State Wired or Wireless, Inc. did not meet the FCC requirements for a served census block included in their filed Form 505 Served to Unserved, Exhibit 3: Explanation, Declaration, Excel List and Form 499-Q, Exhibit 6: Explanation, Declaration, GeoResults Narrative, and Excel Lists, Exhibit 9: Explanation, Declaration, Excel List, and Website printout, Exhibit 10: Explanation, Declaration, Excel List, and Website printout, Exhibit 12: Explanation, Declaration, Declaration, Excel List, and Website printout. At least in part some of the Website material was outdated and has been removed from the website (See Exhibit 1).

Wired or Wireless meets and in most cases substantially exceeds FCC voice and broadband performance obligations. Voice over IP phone service is available everywhere in Washington State where we provide Internet service (See Exhibit 1).

Wired or Wireless strenuously opposes Century Link's Served to Unserved Challenge and submits Response to Challenge.
